Cobra Glider Trailers

Simply the best trailer for your glider, the Cobra trailer has been continuously improved since inception in 1980. Whether you are looking for a trailer for your new glider or wish to replace your current trailer ask Fox One Corp for a quote.

Cobra trailers are made-to-fit for all makes and models of gliders and can be purchased with a fiberglass top or aluminum top and with red or blue trim. Using a case-by-case approval process with Transport Canada, new Cobra trailers are eligible for licensing as an OEM trailer in Canada.

To request a quote for a trailer specific to your glider please contact Fox One Corp and specify the type of glider as well as the trim colour and type of trailer top. Trailers take 4-6 months to manufacture and ship.

Basic Prices:

-

for Standard, 15m /18m Class gliders with multi part wings:

- fiberglass top: **17,032 €**
- aluminum top: **17,922 €**

-

for two-seat gliders:

- fiberglass top: **19.731 €**
- aluminum top: **21,186 €**

Additional costs for the fixtures required to hold the various wing tips and winglets for the specific glider as well as delivery costs to the glider manufacturer and/or port will be provided as part of the detailed quote and will be about **3500-4500 €** depending on glider type.

Parts for your Cobra trailer are also available through Fox One Corp, ask for a quote.
